Summary

Hello I'm Idris Shaaba, I'm a final year Software Engineering Student. I enjoy coding and building websites, web apps and UI/UX designs, I have also worked on a few group projects at school.

I love working to build solutions to problems I encounter.

Experience

Chief Executive Officer

Nile Startup Campus

Sep 2023 - Present (2 months)

Design Lead

Google Developer Student Clubs Nile University of Nigeria

Aug 2023 - Present (3 months)

User Support Intern

Nigerian Communications Commission

Jul 2023 - Sep 2023 (3 months)

Network Field Engineer Intern

Galaxy Backbone

Jul 2022 - Sep 2022 (3 months)

Beta Tester

WithMe

Sep 2021 - Jan 2022 (5 months)

During my time as a beta tester for WithMe, I had the opportunity to test and explore the app's social and gaming features. I customized my unique look and connected with friends who brought out the best in me. I also tested the app's creative features by experimenting with the drawing boards and showing off my style. Throughout my testing process, I made sure to follow the app's requirements and use it in an optimal environment. I identified and reported any bugs or issues that I encountered and provided feedback to help improve the app's functionality and user experience. Overall, my experience as a beta tester for WithMe was rewarding, and I enjoyed being a part of the development process.

Education

Nile University of Nigeria

Bachelor of Science - BS, Software Engineering
